

Availability of Housing Rehabilitation Funds

Durham County is soliciting applicants for the 2010 Single Family Rehabilitation (SFR) Program, financed with \$200,000 (100% of total program costs) from the North Carolina Housing Finance Agency (NCHFA). Applicants must be homeowners and reside in Durham County (cannot live in Durham City limits). Qualified applicants are eligible to receive energy efficiency improvements to their homes. To qualify, the applicant must be elderly (62 or older) or legally disabled, own their own home (no life rights), and the home must be in fair condition, needing only minor repairs. The application process to determine eligibility and the amount of rehabilitation to be accomplished shall be done according to NCHFA 2010 Single Family Rehabilitation Standards.

Eligible households must be low income and owner-occupied. Durham County will determine if the household qualifies for the program. The County will accept applications until November 1, 2010. Please contact Drew Cummings at 919-560-0065 with any questions or to have a registration form mailed to you.
